

The economics department at the Max Planck Institute for Innovation and Competition (MPI) focuses on issues in the field of innovation and entrepreneurship. Its objective is to investigate the determinants, outcomes and implications of innovation and entrepreneurship processes, as well as their behavioral foundations.

The department “Innovation and Entrepreneurship Research” (Head: Prof. Dietmar Harhoff, Ph.D.) is looking for

Student Research Assistants (m/f/x)

for at least 6 months, 8 – 10 hours/week

We offer:

- Insights into a world-leading research institute with projects in the research fields
 - **Innovation** (e.g. in the context of intellectual property rights, labor and health markets, digital transformation, artificial intelligence, or economics of science)
 - **Entrepreneurship** (e.g. entrepreneurial finance, entrepreneurship education)
 - **Behavioral Foundations** (e.g. incentives for creativity, innovation motives and behavior)
- Flexible working hours (e.g. with regard to exams), partly working remotely
- Compensation as per standard salaries for student research assistants at universities

We are looking for:

- Enrolled at a German University or Fachhochschule
- Programs with affinity to economic issues and empirical methods, e.g. Economics, Business Administration, Mathematics, Statistics, Computer Science
- Excellent English communication skills (German is not necessary)
- Independent work attitude, reliability, and detail-oriented
- Knowledge of programming languages (e.g. Python, R, SQL) or research software (e.g. Stata)

Your responsibilities may include:

- Data acquisition and maintenance
- Statistical analysis and visualization
- Literature research
- Organizational support

Interested?
